

## FRECKLES

Don't Hide Them With a Veil;  
Remove Them With the  
Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

ROOSEVELT IN MADRID  
FOR WEDDING OF SON,  
DIDN'T SEE THE KING

Extra Guard at Railroad Station, but There Was No Demonstration.

MADRID, June 8.—Col. Theodore Roosevelt arrived at Madrid this afternoon on his first visit to Spain, the object of the trip being to attend the wedding of his son, Kermit Roosevelt, and Miss Belle Wyatt Willard, daughter of the American Ambassador to Spain.

There was a small crowd gathered at the station, including a number of police in plain clothes, who were distributed about the depot as a result of the publication of several newspaper articles antagonistic to Col. Roosevelt. The chief of police had feared the possibility of some evidence of unfriendly feeling being displayed against the former American President, but none whatever was shown.

There was an affectionate greeting between Col. Roosevelt, his son, Kermit, and his daughter, Mrs. Nicholas Longworth.

Col. Joseph Willard, the American Ambassador, and the members of the Embassy staff and Senor Mendez, the Spanish under Secretary of State, also were at the station to meet Col. Roosevelt, who later, with his party, was driven to the American Embassy.

Although Col. Roosevelt and King Alfonso had travelled on the same train for some distance, each was unaware of the presence of the other, and there was consequently no meeting.

King Alfonso had been at Biarritz to see his doctor, and it was merely a coincidence that his car was attached to the train in which Col. Roosevelt was travelling.

When the King left the train Col. Roosevelt was an interested spectator as His Majesty passed through a guard of troops drawn up on the platform. His Majesty then got into an automobile, which he himself drove.

The King will not be at the wedding ceremony, but it is said he will probably meet Col. Roosevelt on Wednesday when His Majesty returns to Madrid.

DANCER FROM ABROAD  
PROMISES SENSATION  
WITH PARISIAN NOVELTY.

From the Polles Bergere in Paris and the Jardin d'Hiver in Huda Pesth Nila Devi (who says it is her truly face).

to goodness real name, though she was born in Boston) arrived to-day on the George Washington of the North German Lloyd. She is tiny and demure looking and her tangoing on the voyage bore out the boast of her managers that her dance, "The Bath of Phryne," which made the well seasoned, blasé persons of foreign capitals sit up and take notice, would give Broadway a new thrill. She did not give the dance on ship-board.

"I really think," she said, "that my new dance is interesting; it is some development."

Before her interviewers could ask "What do you mean, development?" the little woman had taken her mother's arm and gone elsewhere.

ORE DEPOSITS FOUND  
BY WIRELESS TESTS

GOETTINGEN, Germany, June 8.—The Society for Investigating the Internal Structure of the Earth to-day declares it has succeeded in discovering by means of wireless telegraphy subterranean springs and ore deposits.

It states that it also has ascertained their depths by the use of electrical waves applied according to the method invented by Prof. Leimbach of this city.

Prof. Leimbach on March 23, 1911, used wireless telegraphy for underground communication between the Polish mines in the Northern Harz Mountains when he sent messages a distance of nearly a mile and a half at a level of 1,000 feet below the surface.

DIVER FINDS LINER  
IN 180 FEET OF WATER

QUEBEC, Quebec, June 8.—The first step toward recovering the eight hundred or more bodies imprisoned in the wrecked Empress of Ireland was taken to-day when a diver descended from the Canadian government lighthouse tender Druid and for more than an hour went through the accessible parts of the sunken liner. The Empress was found to be lying on her side in about 180 feet of water.

George Weatherpoon, the wrecking expert, who has the work in hand, is the engineer who conducted the task of recovering many of the bodies of the sailors who went down with the Maine in Havana harbor.

Great Wardrobe Clearing  
of Beautiful Silk Wraps

About two hundred and fifty fresh wraps of exquisite silks and brocades, in afternoon and evening colors at new prices.

Many of the wraps are now less than half the original prices. This is especially true of the groups at \$35 and \$50.

Prices are a third to more than half less than at the beginning of the season.

At \$50 there are French wraps made by Callot, Robert, Premet, Bechoff-David, Bob, Jenny and Doucet and many copies and adaptations made for us in America—usually only one wrap of a kind. Included are several fine black wraps; many models are of rich, golden brocades such as Paris is planning to use next Fall.

At \$35 another remarkable group of wraps of chiffon, plain and brocade crepe de chine and taffeta. Formerly they were forty to sixty per cent. more.

At \$19.50 and \$25 long wraps of fleur de soie, crepe and other luxurious cool materials. All have been considerably more.

At \$9.50 to \$25 are fifty silk coats to wear over lingerie frocks. Each one is fascinating in style, color and in its very petiteness.

Ordinarily this reduction would come later on in the season. We offer the wraps now, believing that our customers will appreciate the opportunity to secure them for the entire summer's wearing.

## This Aluminum Set, \$20

Fifteen pieces of heavy spun aluminum wear, and rack, for \$20. Think of it! There are only forty-five sets, and it will be forty-five wise women who buy them.

What better present for a June bride than one of these? The truth of the matter is that an importer brought over these and others to sell at wholesale for \$22.50. He had just these forty-five remaining, which he let us have at a figure that enables us to sell them at the very unusual price of \$20.

The set contains—  
Four side-handle saucepots with covers, containing 4 qts., 3 qts., 2 qts., and 1 qt., respectively.  
Three shallow side-handle saucepots, without covers, on which covers to upper four pots will fit; 3 pts., 4 pts. and 5 pts.  
One combination roaster or baker.  
One side handle frying pan, 6 1/2 in.  
One lipped side-handle sauce pan, 8 pt.  
One frying pan with side handle.  
One skimmer. One cake turner.  
One egg frying pan. One ladle.

We can say nothing more convincing about these sets than to invite your inspection of them. In this case seeing is indeed believing.
